<b>Coverage Gap</b>		The coverage gap begins after the yearly drug cost (including what our plan has paid and what you have paid) reaches \$4,020. After you enter the coverage gap, you pay 25% of the plan's cost for covered brand name drugs and 25% of the plan's cost for covered generic drugs until your costs total \$6,350, which is the end of the coverage gap. Not everyone will enter the coverage gap.
